THE FOLLOWING CLAUSE 7 IS APPLICABLE TO DEPARTMENT OF DEFENSE ONLY:**7. PROCESSING RECEIPT DOCUMENTS (DESC SEP 1996)**

(a) Army, Navy, Marine Corps, and other DoD components (except Air Force) that are part of the Single Point Payment Program for PC&S Petroleum Contracts are subject to Nav Comp 700.42 (Navy and Marine Corps) and USAPC (formerly USAGMPA) letter of instruction dated 11 December 1987 (Army, Corps of Engineers, National Guard). Questions or inquiries concerning these instructions should be directed to the appropriate activity (NAV PET, USAPC, DESC).

(b) Within two working days of receipt of product, receiving activities shall transmit three copies of the appropriate DD Form 1155, DD Form 250, or SF 1449 to the following address:

(c) The DD Form 1155, DD Form 250, or SF 1449 shall reflect the net quantity shipped and the net quantity received for all f.o.b. destination contracts. If the net quantity shipped and the net quantity received are the same, this shall be reflected on the forms submitted.

(d) Modifications to any of the above listed documents must also be submitted to DESC-FII for input into DFAMS.

8. PRICE CHANGES (DESC MAR 1995)

(a) Prices shown herein are subject to escalation unless indicated as firm. In the event of any changes in prices which are subject to escalation (for other than DESC-funded items), the price changes will be included in price change supplements. Other contractual information will be included in supplements as required.

(b) In those instances where a Contractor invoices at a price lower than that shown herein or in supplement hereto, payment may be made at such lower price.

(c) Payment shall be made at the price which, according to this Bulletin or supplements hereto, is in effect on the date of delivery. Payment for DESC-funded items will be in accordance with the SUBMISSION OF INVOICES FOR PAYMENT clause.

9. TAXES (DESC JUN 1997)

(a) **DIESEL FUEL, MOTOR GASOLINE, AND GASOHOL TAXES.** The fuel prices listed in this bulletin **DO NOT** include the Federal Excise Tax of \$0.244 per gallon on diesel fuel, \$0.184 per gallon on motor gasoline, or \$0.13 per gallon on gasohol. Fuel used off road may be sold by certain sellers without the Federal Excise Tax. If the activity is billed for the tax on diesel fuel, motor gasoline, or gasohol used off road, the activity may request reimbursement from the IRS by completing IRS Form 843. If the vehicle is used on the highway during any portion of a calendar quarter, any fuel used in that vehicle for that calendar quarter does not qualify for exemption. Additional information regarding Federal, State, and local taxes is stated in the FEDERAL, STATE, AND LOCAL TAXES (DEVIATION) and FEDERAL, STATE, AND LOCAL TAXES EXCLUDED FROM THE CONTRACT PRICE clauses contained in this bulletin.

(b) **HEATING FUEL TAX.** There is no Federal Excise Tax on fuel produced for heating purposes.

(c) **TAX EXEMPTION CERTIFICATES.** Procedures for requesting and processing tax exemption certificates are identified in the TAX EXEMPTION CERTIFICATES clause contained in this bulletin.

(d) The activity shall provide appropriate certifications of intended use as may be necessary to assist a Contractor in complying with IRS regulations regarding the tax-free sale of heating oils. However, it is the Contractor's responsibility to ensure compliance with IRS regulations. Questions regarding the procedures to be followed should be addressed to the IRS.

10. DEFAULTING CONTRACTORS (DESC MAR 1992)

(a) **PURCHASE AGAINST ACCOUNT.** Purchases cannot be made against the account of a defaulting Contractor until the Contractor's right to proceed on an individual delivery order, in default, has been formally terminated by the Government. The contractual right granted the Government, under the DEFAULT clause, to terminate such orders for default may be exercised only by the Contracting Officer. The procedures set forth below are detailed, and must be carefully followed if clear evidence of default and resultant excess costs, if any, are to be established.

(b) **REPORTS BY ORDERING OFFICERS.** When a Contractor has defaulted on deliveries under any order and the Ordering Officer considers it in the best interest of the Government to formally default the Contractor on such orders, the Ordering Officer shall report the following message to DESC with an information copy to the appropriate activity specified in paragraphs (e)(1) and (2) of Bulletin Clause 1:

ALPHA: DESC Contract number(s).

BRAVO: Item Number(s).

CHARLIE: Date written order was forwarded to Contractor.

DELTA: Probable date Contractor received written order.

ECHO: Order Number.

FOXTROT: Quantity ordered.

GOLF: Quantity, if any, actually received pursuant to such order.

HOTEL: Date delivery of quantity (in default) was to be made pursuant to order.

INDIA: Reason(s), if any, given by Contractor for the delay or non-delivery.

JULIET: Date replacement supplies are needed.

Message reports will refer to the above 10 categories by titles shown. After dispatch of such message, the ordering activity must refuse to accept any deliveries tendered on the subject order by the Contractor in default.

(c) **ACTION BY DESC.** Upon receipt of the message report from the Ordering Officer, DESC will (if advisable, based on information received) formally default the Contractor on the order(s) involved. DESC will advise the Ordering Officer that purchase action is being taken (by DESC) or that local purchase action against the Contractor's account is authorized. Since not all bulletin items are DESC-funded, the following applies to DESC-funded items only:

Whenever local purchase authority is granted by DESC and the ordering activity requires funding from DESC in the form of an obligation authority, the activity must request these funds. Funding authority should not be assumed to have been granted upon receiving authority to purchase locally. Receipt of authority from DESC-RF to cite DESC funds must be accomplished prior to ordering the product if DESC funds are to be used for the purchase.

(d) **ASSESSMENT OF EXCESS COSTS.** In order that a firm basis for assessment of excess costs against defaulting Contractors may be established, the following procedure must be strictly adhered to:

(1) Each requirement for product during the ordering period must first be ordered in writing from such defaulting Contractor.

(2) Each such order must then be formally terminated by the Contracting Officer if delivery against such order was not made.

(3) Replacement purchase orders/contracts for approximately similar quantities of the same product should be competitively solicited, whenever feasible. If competition is not obtained, the record of the purchase must be documented with appropriate justification. Purchase orders/contracts must then be issued to a new supplier. Ordering officers are reminded to be familiar with their signatory dollar limitations on repurchase actions.

(e) To provide substantiation for the excess costs to be assessed against the defaulting Contractor, it is essential that the Ordering Officer forward to DESC-PLB copies of all documentation, covering the competitive prices (or justification for single source) as quoted when soliciting under local purchase authority plus copies of all delivery orders placed with both the defaulting Contractor and the supplier who furnished the replacement product, delivery receipts under the repurchase contracts/orders, and payment vouchers. This documentation is required throughout the life of the contract for every line item default. Prompt action in furnishing this information allows the DESC contracting officer to make a proper claim that can be upheld in court if necessary. Copies of both delivery orders (with the defaulting Contractor and replacement Contractor) will also be forwarded to the appropriate activity specified in paragraph (e)(2) of Bulletin Clause 1, GENERAL INSTRUCTIONS.

11. DISPUTES (DESC FEB 1995)

Disagreements between the Contractor and the Ordering Officer or between the Contractor and the Quality Assurance Representative (QAR) should be referred to the Contracting Officer (CO) of the DESC (through the appropriate office specified in Bulletin Clause 1) for consideration under the contract Disputes clause. Each such matter referred to the CO should include a complete statement of the Ordering Officer's or the QAR's understanding of the circumstances surrounding the disagreement.

12. FRAUD, WASTE, AND ABUSE (DESC FEB 1995)

Any suspicion of wrongdoing or potential fraud should be reported to the DESC Contracting Officer or DESC Office of Counsel so that evidence can be collected against Contractors and timely investigations initiated, if appropriate. In the event you become aware of any investigation of a Contractor by criminal investigators, please advise the DESC Contracting Officer and DESC Office of Counsel. Such coordination will enable DESC to determine whether similar conduct is occurring at other locations where the Contractor may also be making deliveries.

13. ASSIGNMENTS (DESC OCT 1969)

Assignee banks will be advised at time of Contracting Officer's acknowledgment of notice of assignment that the assignee is responsible for notifying all applicable finance or disbursing officers. Such assignees also will be advised that photostat copies of the Contracting Officer's acknowledgment may be sent to such finance or disbursing officer.

14. DELIVERIES/PERFORMANCE (DESC DEC 1991)

(a) The DELIVERY CONDITIONS FOR TANK CARS, BOXCARS, TRUCKS, TRANSPORT TRUCK, TRUCK AND TRAILERS, TANK WAGONS, PIPELINE, AND LIGHTERS contract clause describes the general delivery conditions required on the Contractor. However, situations may occur during the contract period in which the Contractor may be unable to (1) meet the delivery date specified in the order and/or (2) deliver during normal delivery hours due to unusually severe weather conditions or other extenuating circumstances. If such is the case, the ordering activity may extend the delivery schedule, by amending the delivery order, to give the Contractor additional time to perform.

(b) The ordering activity is responsible for--

(1) Providing the Contractor with reasonable access to the fuel tank fill pipes in order to accomplish the delivery. This includes accessibility and visibility of the fill pipes after a snowfall; and

(2) Maintaining tanks in a technically acceptable conditions for receipt of product.

15. DELIVERY CONDITIONS FOR ALL GRADES OF MOTOR GASOLINE (DESC OCT 1992)

For all truck-to-truck transfers or truck-to-drum delivery of motor gasoline, guidelines provided by the National Fire Protection Association (NFPA) and the State and local safety and environmental offices shall be adhered to at all times. Activities and Contractors shall comply with all safety and environmental regulations and the delivery conditions of the contract. Failure by the Contractor to meet the requirements of any of the above stated regulations and provisions should be reported to the DESC Contracting Officer.

16. DELIVERY CONDITIONS FOR FUEL OIL, BURNER, GRADES 4, 4(LIGHT), 5(LIGHT), 5(HEAVY), AND 6 CONTAINING USED OIL (DESC MAR 1995)

When Grade 4 through Grade 6 Burner Oils contain used oil or other recycled petroleum products, the Contractor shall adhere to Environmental Protection Agency (EPA) specifications for used oil. This requirement is spelled out in the SPECIFICATIONS clause of the contract. The Contractor has identified such product in its bid/offer and certifies that it is in compliance with EPA specifications. Supply of the oil has received prior approval by the DESC. The Contractor is required to submit test reports validating EPA used oil standards and/or state/local requirements for all deliveries under the line items identified. See PART 10, CONTRACTORS AUTHORIZED TO FURNISH USED OIL IN FUEL OIL, BURNER GRADES 4 THROUGH 6, for a listing of contracts and line items authorized to contain used oil. These test reports should be submitted by the Contractor to the receiving activity and maintained with other delivery receipt documentation. If you do not receive the test reports from the Contractor, notify DESC as soon as possible.

17. CONTRACTOR FUEL SPILLS ON GOVERNMENT PROPERTY (DESC AUG 1996)

Cleanup of any fuel spills caused by a Contractor on Government property is the responsibility of that Contractor. Upon concurrence of a spill, the activity should immediately contact DESC at Fort Belvoir, VA. DESC will in turn inform the Contractor of its responsibility. Army activities should concurrently inform the Army Petroleum Center. In addition, the activity shall provide to the Contractor a point of contact at the activity for reporting such spills. Please refer to the PROTECTION OF GOVERNMENT PROPERTY AND SPILL PREVENTION clause for details of the responsibilities of the activity and the Contractor.

18. DELIVERY TIME RESTRICTIONS (DESC JAN 1989)

(a) Notwithstanding any other provision in this contract, the Contractor will make deliveries at the times specified by ordering activities. Activities will make every effort to schedule deliveries of fuel which require transport via the National Capital Beltway (encircling Washington, DC) so that deliveries will be made during non-rush-hour periods.

(b) An activity may schedule deliveries during rush hour times when it determines that its mission would be adversely affected by limiting deliveries to non-rush-hour periods.

19. EPA TESTING OF UNDERGROUND TANKS (DESC JAN 1992)

If the "volumetric" method is used for annual EPA testing of underground tanks, the "topping off" of tanks for this test is outside the scope of DESC requirements contracts.

SEGMENT IV

SECTION B

SUPPLIES OR SERVICES AND PRICES/COSTS

SUPPLIES TO BE FURNISHED

(a) The supplies to be furnished during the period specified in the REQUIREMENTS clause, the delivery points, methods of delivery, estimated quantities, and award prices are shown below. The quantities shown are only best estimates of required quantities. Unless otherwise specified, the total quantity ordered and required to be delivered may be greater than or less than such quantities. The Government agrees to order from the Contractor, and the Contractor shall, if ordered, deliver during the contract period, at the unit prices agreed upon in accordance with the ECONOMIC PRICE ADJUSTMENT clause, the total actual requirements for the products at the locations listed.

(b) All items of the contract call for delivery f.o.b. destination unless the item otherwise specifies. The destination for each item is the point of delivery shown in the particular item.

C16.69 SPECIFICATIONS (DESC OCT 1996)

Supplies delivered under this contract shall conform to all Federal, State, and local environmental requirements applicable to the geographic location of the receiving activity on the date of delivery. The list of such requirements contained in this contract is not intended to be a complete list, and the Contractor shall be responsible for determining the existence of all such requirements at the time deliveries are made. In the event that a Federal, State, or local environmental requirement is more stringent than a specification contained in this contract, the Contractor shall deliver product which complies with the more stringent requirement. Product which fails to meet the more stringent requirement will be considered to be a nonconforming supply. Product(s) to be supplied shall fully meet the requirements of the applicable specification(s) as cited below.

NOTE: Gasoline Reid Vapor Pressure (RVP) specification requirements are seasonal and vary geographically throughout the United States. Therefore, Contractors are expected to know the local, State, or Federal RVP requirements of areas being supplied and comply with those requirements.

(a) **GASOLINE, AUTOMOTIVE, UNLEADED, GRADES REGULAR, MIDGRADE, AND PREMIUM.** ASTM D 4814 (Latest Revision) applies.

In accordance with Executive Order 12261 of 5 January 1981, "Gasohol in Federal Motor Vehicles," Gasohol may be considered an acceptable substitute for Unleaded Gasoline. The Unleaded Gasoline items that permit the substitution of Gasohol are identified in the Schedule. Contractors are required to state, for each line item in their offer, whether Gasohol will be provided. Contractors will not be permitted to substitute Unleaded Gasoline under line items awarded as gasohol. Also, Contractors are not permitted to substitute gasohol for gasoline under line items awarded as gasoline, except when Government regulations mandate use of fuel containing an oxygenate for control of carbon monoxide pollution. CID A-A-52530 dated 10 October 1995 applies.

(c) **REFORMULATED GASOLINE, AUTOMOTIVE, UNLEADED, GRADES REGULAR, MIDGRADE, AND PREMIUM.** ASTM D 4814 (Latest Revision) applies, as modified by the Environmental Protection Agency (EPA) requirements detailed in 40 CFR Part 80 - "Regulation of Fuels and Fuel Additives; Standards for Reformulated and Conventional Gasoline; Final Rule", published in the 16 February 1994 Federal Register. In part, these regulations mandate that reformulated gasoline must meet two performance requirements: no net increase in emissions of oxides of nitrogen versus the baseline gasoline marketed by a refiner in 1990; and a 15 percent reduction in emissions of volatile organic compounds (VOCs) versus the baseline gasoline marketed by a refiner in 1990. Further, these regulations mandate that reformulated gasoline must meet three compositional requirements: 2.0 weight percent minimum oxygen; 1.0 volume percent maximum benzene; and no heavy metals (lead and manganese are examples of such metals).

(i) The fuel shall be composed of petroleum hydrocarbon fractions meeting the requirements of ASTM D 975, except as noted below.

(A) A fuel stabilizer additive/biocide conforming to MIL-S-53021 may be blended into the fuel to improve the suitability of fuels for intermediate (6-18 months) and long-term (18-25 months) periods of storage by preventing fuel deterioration and microbiological growth. Additive concentrations are given in the latest revision of QPL-53021.

(B) A corrosion inhibitor/lubricity improver conforming to MIL-I-25017 may be blended into the fuel to inhibit corrosion. Additive concentration limits are given the latest revision of QPL-25017. If MIL-I-25017 is used as a lubrication improver, then up to 250 parts per million (ppm) may be added to the fuel.

(C) Fuel system icing inhibitor conforming to MIL-I-85470 may be blended into the fuel to purge small quantities of water from the fuel system and to prevent the formation of ice crystals. The additive concentration shall not exceed 0.15 volume percent when tested in accordance with FED-STD-791, methods 5327, 5330, 5340, or 5342.

(ii) The diesel fuel oil shall meet the physical and chemical requirements of ASTM D 975, with the following exceptions:

(A) The maximum cloud point (see 7.2 of CID A-A-52557) shall be equal to or lower than the tenth percentile minimum ambient temperature for the area in which ambient temperatures for U.S. locations are shown in Appendix X2 of ASTM D 975.

(B) Total particulate level as measured by ASTM D 5452 shall not exceed 10 mg/L.

(iii) The Internal Revenue Service (IRS) requires that a red dye, identified as Solvent Red 164 (alkyl derivatives of azo benzene azo naphthol) must be added to all non-taxable diesel fuel as a means of identification. The minimum concentration is provided in 40 CFR Part 80.

(3) **APPLICABLE TO ALL GRADES.** Blending of one grade of diesel fuel with another grade, or other compatible components, to produce a different grade or a variation within a grade is permitted. However, such blending shall be accomplished by mechanical mixing or agitation in a tank, or by in-line blending, prior to loading the product into transport equipment, and the resultant product must meet all the requirements of the desired fuel.

(4) **APPLICABLE TO #1 DIESEL GRADES ONLY.** DESC frequently requires #1 diesel fuel grades when it is anticipated that the fuel may be exposed to temperatures below 10°F (-12°C). This product shall conform to ASTM Specification D 975 or CID A-A-52557. Contractors electing to deliver kerosene to meet #1 diesel fuel requirements must--

(i) Provide certification to the Contracting Officer prior to 1 October of each year that the kerosene will meet #1 diesel fuel specifications, including specifically, viscosity and cetane index; **AND**

E5 INSPECTION OF SUPPLIES - FIXED-PRICE (AUG 1996)

(a) **DEFINITION. Supplies**, as used in this clause, includes but is not limited to raw materials, components, intermediate assemblies, end products, and lots of supplies.

(b) The Contractor shall provide and maintain an inspection system acceptable to the Government covering supplies under this contract and shall tender to the Government, for acceptance, only supplies that have been inspected in accordance with the inspection system and have been found by the Contractor to be in conformity with contract requirements. As part of the system, the Contractor shall prepare records evidencing all inspections made under the system and the outcome. These records shall be kept complete and made available to the Government during contract performance and for as long afterwards as the contract requires. The Government may perform reviews and evaluations as reasonably necessary to ascertain compliance with this paragraph. These reviews and evaluations shall be conducted in a manner that will not unduly delay the contract work. The right of review, whether exercised or not, does not relieve the Contractor of the obligations under the contract.

(c) The Government has the right to inspect and test all supplies called for by the contract, to the extent practicable, at all places and times, including the period of manufacture, and in any event before acceptance. The Government shall perform inspections and tests in a manner that will not unduly delay the work. The Government assumes no contractual obligation to perform any inspection and test for the benefit of the Contractor unless specifically set forth elsewhere in this contract.

(d) If the Government performs inspection or test on the premises of the Contractor or a subcontractor, the Contractor shall furnish, and shall require subcontractors to furnish, at no increase in contract price, all reasonable facilities and assistance for the safe and convenient performance of these duties. Except as otherwise provided in the contract, the Government shall bear the expense of Government inspections or tests made at other than the Contractor's or subcontractor's premises; PROVIDED, that in case of rejection, the Government shall not be liable for any reduction in the value of inspection or test samples.

(e) (1) When supplies are not ready at the time specified by the Contractor for inspection or test, the Contracting Officer may charge to the Contractor the additional cost of inspection or test.

(2) The Contracting Officer may also charge the Contractor for any additional cost of inspection or test when prior rejection makes reinspection or retest necessary.

(f) The Government has the right either to reject or to require correction of nonconforming supplies. Supplies are nonconforming when they are defective in material or workmanship or are otherwise not in conformity with contract requirements. The Government may reject nonconforming supplies with or without disposition instructions.

(g) The Contractor shall remove supplies rejected or required to be corrected. However, the Contracting Officer may require or permit correction in place, promptly after notice, by and at the expense of the Contractor. The Contractor shall not tender for acceptance corrected or rejected supplies without disclosing the former rejection or requirement for correction, and, when required, shall disclose the corrective action taken.

(h) If the Contractor fails to promptly remove, replace, or correct rejected supplies that are required to be removed or to be replaced or corrected, the Government may either (1) by contract or otherwise, remove, replace, or correct the supplies and charge the cost to the Contractor or (2) terminate the contract for default. Unless the Contractor corrects or replaces the supplies within the delivery schedule, the Contracting Officer may require their delivery and make an equitable price reduction. Failure to agree to a price reduction shall be a dispute.

(i) (1) If this contract provides for the performance of Government quality assurance at source, and if requested by the Government, the Contractor shall furnish advance notification of the time (i) when Contractor inspection or tests will be performed in accordance with the terms and conditions of the contract and (ii) when the supplies will be ready for Government inspection.

E5 Cont'd

(2) The Government's request shall specify the period and method of the advance notification and the Government representative to whom it shall be furnished. Requests shall not require more than 2 workdays of advance notification if the Government representative is in residence in the Contractor's plant, nor more than 7 workdays in other instances.

(j) The Government shall accept or reject supplies as promptly as practicable after delivery, unless otherwise provided in the contract. Government failure to inspect and accept or reject the supplies shall not relieve the Contractor from responsibility, nor impose liability on the Government, for nonconforming supplies.

(k) Inspections and tests by the Government do not relieve the Contractor of responsibility for defects or other failures to meet contract requirements discovered before acceptance. Acceptance shall be conclusive, except for latent defects, fraud, gross mistakes amounting to fraud, or as otherwise provided in the contract.

(l) If acceptance is not conclusive for any of the reasons in paragraph (k) hereof, the Government, in addition to any other rights and remedies provided by law, or under other provisions of this contract, shall have the right to require the Contractor (1) at no increase in contract price, to correct or replace the defective or nonconforming supplies at the original point of delivery or at the Contractor's plant at the Contracting Officer's election, and in accordance with a reasonable delivery schedule as may be agreed upon between the Contractor and the Contracting Officer; PROVIDED, that the Contracting Officer may require a reduction in contract price if the Contractor fails to meet such delivery schedule, or (2) within a reasonable time after receipt by the Contractor of notice of defects or nonconformance, to repay such portion of the contract as is equitable under the circumstances if the Contracting Officer elects not to require correction or replacement. When supplies are returned to the Contractor, the Contractor shall bear the transportation cost from the original point of delivery to the Contractor's plant and return to the original point when that point is not the Contractor's plant. If the Contractor fails to perform or act as required in (1) or (2) above and does not cure such failure within a period of 10 days (or such longer period as the Contracting Officer may authorize in writing) after receipt of notice from the Contracting Officer specifying such failure, the Government shall have the right by contract or otherwise to replace or correct such supplies and charge to the Contractor the cost occasioned the Government thereby.

(FAR 52.246-2)

E35.02 REQUESTS FOR WAIVERS AND DEVIATIONS (DESC JUN 1997)

(a) The following procedures apply to requests for specification waivers.

(1) Requests for waivers and deviations shall be submitted by the Contractor to the Contracting Officer with a copy to the Quality Representative (QR). Each request shall provide the following information: Contractor name; contract number; contract line item and product, if applicable; clause number, paragraph and subparagraph, as appropriate; the nature of the request; the reason for the request; the corrective action being taken by the Contractor to correct and prevent recurrence of the condition(s) causing the nonconformance; and equitable price adjustment offered over the administrative fee. In extraordinary situations, the Contractor may initially submit the request for a deviation or waiver through the cognizant QR to the Contracting Officer or the Contracting Officer's Representative (COR) in the Bulk Fuels Business Unit, Product Technical and Standardization Division, Defense Energy Support Center (DESC). Extraordinary situation requests shall be submitted formally to the Contracting Officer prior to close of business of the next DESC normal workday. As used in this clause, the term "extraordinary situation" means the matter cannot await resolution until the DESC normal workday (0800 to 1630 hours), Monday through Friday - Federal holidays excluded. In addition, if either the Contracting Officer or the COR cannot be reached, the Duty Officer shall be contacted and provided the necessary information to forward to the proper individuals as soon as possible. The Duty Officer's telephone number is (800) 286-7633, (703) 767-8420, or (DSN) 427-8420.

(2) If the waiver is granted, the contract will be modified to provide an equitable price reduction or other adequate consideration commensurate with the waiver being granted. If the situation dictates, a waiver may be granted without prior agreement on price adjustment or other consideration subject to agreement by the Contractor, or its representative, to subsequent negotiation. Such agreement shall be documented on the receiving document or other appropriate correspondence. After negotiations, failure to agree on adequate consideration shall be a dispute concerning a question of fact within the meaning of paragraph (d), Disputes, of the CONTRACT TERMS AND CONDITIONS -- COMMERCIAL ITEMS clause of this contract.

(3) If the waiver is granted and the nonconforming supplies are accepted, then in no event will consideration be less than \$250 to cover administrative costs, plus any additional cost of Government inspection or tests if reinspection or retest is necessary.

E35.02 Cont'd

(4) If the waiver is granted modifying this contract but the supplies accepted are nevertheless determined to be in conformity with contract specifications, the Contractor shall still be obligated to pay the consideration originally agreed upon in support of the waiver. If, however, this consideration exceeds \$500, a second contract modification shall be issued reducing the Contractor's obligation to \$500 (the administrative cost of issuing the two required modifications).

(b) When notification of nonconforming supplies is received after the supplies have been accepted, and the Government determines not to exercise its right to reject or to require correction under the INSPECTION OF SUPPLIES clause, then in no event will consideration be less than \$250 to cover administrative costs. This \$250 fee is in addition to--

- (1) Consideration commensurate with the extent of nonconforming supplies; and
- (2) Cost of Government inspection or tests if reinspection or retest is necessary.

The administrative fee will apply to each claim letter issued for off-specification product delivered to an activity.

F1.01-1 DELIVERY CONDITIONS FOR TRANSPORT TRUCKS, TRUCKS AND TRAILERS, AND TANK WAGONS (DESC APR 1997)

IMPORTANT NOTE on EPA TESTING OF UNDERGROUND TANKS. If the "volumetric" method is used for annual EPA testing of underground tanks, the "topping off" of tanks for this test is outside the scope of DESC requirements contracts.

(a) **F.O.B. ORIGIN.** On items calling for delivery at Contractor's refinery, terminal, or bulk plant f.o.b. transport truck, truck and trailer, or tank wagon--

- (1) Supplies ordered hereunder shall be delivered, at Contractor's expense, into equipment specified in the Schedule.
- (2) Unless otherwise specified in the Schedule, all deliveries shall be made on the day specified in the delivery order

unless otherwise authorized by the receiving activity during normal working hours of such activity, provided that the Contractor shall have received the order at least 48 hours prior to the day so specified.

(b) **F.O.B. DESTINATION.** On items calling for delivery f.o.b. destination by means of transport truck, truck and trailer, or tank wagon--

(1) The Contractor shall not be required to deliver by transport truck or truck and trailer a quantity less than a full load nor into more than one storage tank, with the following exceptions:

(i) An order placed under an item of this contract calling for delivery by transport truck of motor gasoline, fuel oil, diesel fuel, or kerosene, or, if this procurement is for Central America only, jet fuel, may require delivery of a quantity as low as 5,200 gallons whenever the activity is restricted either by a tank capacity or by a directive from receiving a larger quantity; and

(ii) Where the Schedule provides for multiple drop delivery, the Contractor may be required to deliver into more than one storage tank. Where truck and trailer is the method of delivery specified, the Contractor may, at its option, make delivery by transport truck. In the case of deliveries in Alaska, where truck and trailer or transport truck is the method of delivery specified, the Contractor may, at its option, make delivery by tank wagon.

(2) Unless otherwise specified in the Schedule, all deliveries shall be made on the day specified in the delivery order unless otherwise authorized by the receiving activity during normal working hours of such activity, provided that the Contractor shall have received the order at least 48 hours prior to the day so specified.

(3) The Contractor shall not be required to deliver by tank wagon a quantity of less than 575 liters (or 150 gallons) but, at the Government's option, may be required to deliver into more than one storage tank.

(4) When delivery is made by tank wagon, such wagon shall be equipped with pump, meter, and a minimum of 100 feet (30 meters) of hose. Where delivery is made by transport truck or truck and trailer, such delivery equipment shall be equipped with a minimum of 15 feet of hose.

(5) When delivery is made by tank wagon, transport truck, or truck and trailer to a Government facility, the Contractor shall present delivery equipment and product in such condition at destination so as to permit complete off-loading within the prescribed free time.

(6) Unless otherwise provided in the Schedule, free time for unloading trucks, transport trucks, or trucks and trailers shall be unlimited.

F1.01-1 CONT'D

(7) When delivery is made by tank wagon, transport truck, or truck and trailer to a Government facility—

(i) The Contractor shall provide properly maintained delivery equipment and properly trained delivery personnel to reasonably assure that delivery can be made without damage to vegetation and asphalt pavement adjacent to storage facilities being filled. The Contractor's delivery personnel who have not exercised reasonable care and delivery equipment that is poorly maintained may be refused entrance to the installation by the installation Commander.

(ii) The Contractor shall present delivery equipment and product in such condition at destination so as to permit complete off-loading within the prescribed free time.

F1.09-1 ANNOTATION OF SHIPPING DOCUMENTS (DESC AUG 1996)

(a) For deliveries when temperature compensating meters are used to determine quantity, the shipping document shall be annotated with the API gravity (or density), net quantity, and a statement that a temperature compensating meter was used to determine quantity.

(b) For deliveries when quantity is determined without volume correction to 60°F (15°C) as permitted in the DETERMINATION OF QUANTITY clause, subparagraph (b), the shipping document shall be annotated with the API gravity (or density), gross quantity, and a statement that volume correction was not required.

(c) For all other deliveries, the shipping document shall be annotated with the gross and net gallons (or gross and net liters), the observed and corrected API gravity (or density), and the temperature at which the product was measured.

F1.09-2 DETERMINATION OF QUANTITY (PC&S) (DESC APR 1996)

(a) **QUANTITY.** The quantity of supplies furnished under this contract shall be determined as follows:

(1) **DELIVERIES INTO OR BY TANKER/BARGE.**

(i) **F.O.B. ORIGIN.**

(A) On items requiring delivery at the Contractor's refinery, terminal, or bulk plant on an f.o.b. origin basis, the quantity shall be determined (at the Contractor's option) on the basis of--

- (a) Shore tank measurements; or
- (b) Calibrated meter.

(B) The Government will have the right to have a representative present to witness the measurement of quantity.

(ii) **F.O.B. DESTINATION.**

(A) On items requiring delivery on an f.o.b. destination basis (except for items to be used as ships' bunkers), the quantity shall be determined (at the Government's option) on the basis of receiving shore tank measurements.

(B) The Contractor has the right to have a representative present to witness the delivery and measurement of quantity.

(iii) **F.O.B. VESSEL.**

(A) On items requiring delivery f.o.b. vessel by barge for ships' bunkers, the quantity received will be determined (at the Contractor's option) on the basis of--

- (a) Origin shore tank measurements; or
- (b) By calibrated meter, if the Contractor's facilities are so equipped.

(B) The Government will have the right to have a representative present to witness the measurement of quantity.

(C) When the vessel is unable to receive any or all of the delivery, the Contractor must immediately notify the DESC Contracting Officer of the circumstances and provide documentation to substantiate the quantity and location where excess product has been off-loaded. The Government will have the right to have a representative present to verify these off-load figures.

(2) **DELIVERIES INTO OR BY TANK TRUCK/TRUCK AND TRAILER/TANK WAGON.**

(i) **F.O.B. ORIGIN.**

(A) On items requiring delivery at the Contractor's refinery, terminal, or bulk plant on an f.o.b. origin basis, the quantity shall be determined (at the Contractor's option) on the basis of--

- (a) Certified capacity tables of the conveyance loaded; or
- (b) Calibrated meter; or
- (c) Weight, using calibrated scales.

F1.09-2 CONT'D

(B) The Government has the right to have a representative present to witness the measurement of quantity.

(ii) **F.O.B. DESTINATION.** On items requiring delivery on an f.o.b. destination basis, the quantity shall be determined by one of the following methods:

(A) The Contractor shall provide delivery equipment that enables the receiving activity and the Contractor to determine quantity at destination in the delivery conveyance by one of the following:

(a) Calibrated meter (in areas where environmental restrictions prohibit the opening of dome hatches prior to, during, or after off-loading, calibrated meter must be used); or

(b) Certified capacity tables. The tables must be made available at the time of delivery; or

(c) Certified tank calibration markers. Certified tank calibration markers will not be accepted unless the conveyance is full to the marker and the entire quantity is off-loaded at the receiving activity. This method may not be used for deliveries to Army activities.

(B) If one of the methods in (A) above is not specified in the contract narrative for deliveries by transport truck or truck and trailer, the Contractor may use the net quantity determined at the loading point by a calibrated loading rack meter. This quantity must be mechanically imprinted on the loading rack meter ticket that is generated by the loading rack meter. The Government reserves the right to determine the quantity received in gallons at 60 degrees Fahrenheit (or liters at 15 degrees Centigrade) at time of delivery by any valid means available.

(C) In any case, at the Government's option, quantity may be determined at the receiving activity on the basis of--

(a) Weight, using calibrated scales; or

(b) A calibrated meter on the receiving tank system.

(D) The Contractor has the right to have a representative present to witness the delivery and measurement of quantity.

(iii) **WATER BOTTOMS.**

(A) Every delivery must be free of all water bottoms prior to discharge; and

(B) The Contractor is responsible for their removal and disposal.

(b) **VOLUME CORRECTION.** Volume correction to gallons at 60 degrees Fahrenheit (or liters at 15 degrees Centigrade) is required for--

(1) All product volumes of chemicals, residual fuels, and lubricating oils measured in tank trucks, trucks and trailers, and tank wagons. For this purpose, residual fuels are any products with a viscosity equal to or greater than a regular (not light) No. 4 Fuel Oil (ASTM D 396).

(2) All other volumes of fuels and fuel oils measured in tank trucks, trucks and trailers, and tank wagons which are in excess of 3,500 gallons.

(c) **MEASUREMENT STANDARDS.** All measurements and calibrations made to determine quantity shall be in accordance with the most recent edition of the API Manual of Petroleum Measurement Standards. Certified capacity tables shall mean capacity tables prepared by an independent inspector or any independent surveyor. In addition, the following specific standards will be used as applicable:

(1) API Manual of Petroleum Measurement Standards Chapter 7, Method of Measuring the Temperature of Petroleum Products (API 2543/ASTM D 1086). In areas where the metric system is used, an equivalent type Centigrade thermometer may be used.

(2) API Manual of Petroleum Measurement Standards Chapter 9, Section 1, Density Determination (ASTM D 1298).

(3) API Manual of Petroleum Standards Chapter 3, Method of Gauging Petroleum Products (API 2545/ASTM D 1085). A water indicating paste (Testmaster, manufactured by Steward Hall Chemical Corp., 222 Washington St., Mount Vernon, NY 10553, or equivalent) capable of providing a reliable sharp color change in water bottoms containing 50% fuel system icing inhibitor (either Ethylene Glycol Monomethyl Ether or Diethylene Glycol Monomethyl Ether as applicable) shall be used for obtaining water cuts in aviation turbine fuels.

(4) API Manual of Petroleum Measurement Standards Chapter 11.1, Volume Correction Factors (API 2540/ASTM D 1250/IP 200). Either the printed version or the computer subroutine version of the standard may be used.

F1.09-2 CONT'D

- (i) For crude oils, JP4, and Jet B, use Volume I, Tables 5A and 6A (or Volume VII Tables 53A and 54A).
- (ii) For lubricating oils, use Volume XIII, Tables 5D and 6D (or Volume XIV, Tables 53D and 54D).
- (iii) For all other fuels and fuel oils, use Volume II, Tables 5B and 6B (or Volume VIII, Tables 53B and 54B).
- (iv) Volume XII, Table 52, shall be used to convert cubic meters at 15 degrees Centigrade to barrels of 60 degrees

Fahrenheit, except when this method is restricted by foreign law. Convert liters at 15 degrees Centigrade to cubic meters at 15 degrees Centigrade by dividing by 1,000. Convert gallons at 60 degrees Fahrenheit to barrels at 60 degrees Fahrenheit by dividing by 42. Should foreign law restrict conversion by this method, the method required by law shall be stated in the offer.

- (v) If the original measurement is by weight, using calibrated scales, then--

(A) Volume XI, Table 8, shall be used to convert pounds to U.S. gallons at 60 degrees Fahrenheit.

(B) Volume XII, Table 58, shall be used to convert metric tons to U.S. gallons at 60 degrees Fahrenheit.

(vi) For other than crude oils, lubricating oils, fuels, and fuel oils, volume correction shall be made in accordance with the product specification or as stated elsewhere in the solicitation.

(5) API Manual of Petroleum Measurement Standards Chapter 4, Proving Systems. All meters used in determining product volume shall be calibrated using this standard with the frequency required by local regulation (foreign or domestic). If no local regulation exists, then the frequency of calibration shall be that recommended by the meter manufacturer or every 6 months, whichever is more frequent.

(d) **UNITS OF QUANTITY.**

- (1) Depending upon the unit shown in the Schedule, the unit of quantity, as used in this contract, shall be--

- (i) The barrel of 42 U.S. gallons;
- (ii) The U.S. gallon of 231 cubic inches;

(a) In the performance of this contract, the Contractor agrees not to utilize transportation companies that have been debarred or suspended, are ineligible for receipt of contracts with Government agencies, are in receipt of a notice of proposed debarment or ineligibility from any Government agency, or are otherwise ineligible under Federal programs. Substitution of a new transportation company is subject to review by the Contracting Officer for use under this contract.

(b) If the Contractor changes transporters after award, the Contractor shall provide the Contracting Officer with the following information on alternative or new transportation company(ies) being utilized in the transportation of supplies under this contract.

(b) On items calling for delivery at Contractor's refinery, terminal, or bulk plant on an f.o.b. origin basis, transportation equipment will be furnished by the Government; provided, however, that the Contractor shall, without additional cost to the Government, arrange to obtain any railway boxcars required for shipments to be made hereunder. Whenever any item of the Schedule specifies delivery by more than one method, selection of the method to be used shall be at Government's option. Government-furnished transportation equipment that Contractor finds unsatisfactory for loading shall be reported as follows:

- (1) **TANKERS AND BARGES.** Report to the Quality Representative (QR).
- (2) **TANK CARS.** Report to the QR and by wire (Government rate collect) to Commander, Eastern Area, Military Traffic Management Command, ATTN: MTE-INR-O, Bayonne, NJ 07002. Any shortage or overage of tank cars shall be similarly reported.

Tank truck inspection must be performed by qualified Contractor personnel. Delegation of this responsibility shall not be passed to the tank truck operator/driver. The tank truck operator/driver may be permitted to physically load the tank truck; however, the loading operation must be under the surveillance and direction of Contractor personnel.

F105 VARIATION IN QUANTITY (APR 1984)

(a) A variation in the quantity of any item called for by this contract will not be accepted unless the variation has been caused by conditions of loading, shipping, or packing, or allowances in manufacturing processes, and then only to the extent, if any, specified in paragraph (b) below.

(b) The permissible variation shall be limited to--

10 Percent increase

10 Percent decrease

This increase or decrease shall apply to _____.

G9.09 MANDATORY INFORMATION FOR ELECTRONIC FUNDS TRANSFER PAYMENT (AUG 1997)

(a) **METHOD OF PAYMENT.** Payments by the Government under this contract, including invoice and contract financing payments, may be made by check or electronic funds transfer (EFT) at the option of the Government. If payment is made by EFT, the Government may, at its option, also forward the associated payment information by electronic transfer. As used in this clause, the term **EFT** refers to the funds transfer and may also include the information transfer.

(b) MANDATORY SUBMISSION OF CONTRACTOR'S EFT INFORMATION.

(1) The Contractor is required, as a condition of any payment under this contract, to provide the Government with the information required to make payment by EFT as described in paragraph (d) of this clause, unless the payment office determines that submission of the information is not required. However, until January 1, 1999, in the event the Contractor certifies in writing to the payment office that the Contractor does not have an account with a financial institution or an authorized payment agent, payment shall be made by other than EFT. For any payments to be made after January 1, 1999, the Contractor shall provide EFT information as described in paragraph (d) of this clause.

(2) If the Contractor provides EFT information applicable to multiple contracts, the Contractor shall specifically state the applicability of this EFT information in terms acceptable to the payment office.

(c) **CONTRACTOR'S EFT INFORMATION.** Prior to submission of the first request for payment (whether for invoice or contract financing payment) under this contract, the Contractor shall provide the information required to make contract payment by EFT, as described in paragraph (d) of this clause, directly to the Government payment office named in this contract. If more than one payment office is named for the contract, the Contractor shall provide a separate notice to each office. In the event that the EFT information changes, the Contractor shall be responsible for providing the changed information to the designated payment office(s).

(d) **REQUIRED EFT INFORMATION.** The Government may make payment by EFT through either an Automated Clearing House (ACH) subject to the banking laws of the United States or the Federal Reserve Wire Transfer System at the Government's option. The Contractor shall provide the following information for both methods in a form acceptable to the designated payment office. The Contractor may supply this data for this or multiple contracts (see paragraph (b) of this clause).

(1) The contract number to which this notice applies.

(2) The Contractor's name and remittance address, as stated in the contract, and account number at the Contractor's financial agent.

(3) The signature (manual or electric, as appropriate), title, and telephone number of the Contractor official authorized to provide this information.

(4) For ACH payments only:

(i) Name, address, and 9-digit Routing Transit Number of the Contractor's financial agent.

(ii) Contractor's account number and the type of account (checking, saving, or lockbox).

(5) For Federal Reserve Wire Transfer System payment only:

(i) Name, address, telegraphic abbreviation, and the 9-digit Routing Transit Number for the Contractor's financial agent.

(ii) If the Contractor's financial agent is not directly online to the Federal Reserve Wire Transfer System and, therefore, not the receiver of the wire transfer payment, the Contractor shall also provide the name, address, and 9-digit Routing Transit Number of the correspondent financial institution receiving the wire transfer payment.

(e) SUSPENSION OF PAYMENT.

(1) Notwithstanding the provisions of any other clause of this contract, the Government is not required to make any payment under this contract until after receipt, by the designated payment office, of the correct EFT payment information from the Contractor or a certificate submitted in accordance with paragraph (b) of this clause. Until receipt of the correct EFT information, any invoice or contract financing request shall be deemed not to be a valid invoice or contract financing request as defined in the PROMPT PAYMENT clause of this contract.

G9.09 CONT'D

(2) If the EFT information changes after submission of correct EFT information, the Government shall begin using the changed EFT information no later than the 30th day after its receipt to the extent payment is made by EFT. However, the Contractor may request that no further payments be made until the changed EFT information is implemented by the payment office. If such suspension would result in a late payment under the PROMPT PAYMENT clause of this contract, the Contractor's request for suspension shall extend the due date for payment by the number of days of the suspension.

(f) **CONTRACTOR EFT ARRANGEMENTS.** The Contractor shall designate a single financial agent capable of receiving and processing the electronic funds transfer under the EFT methods described in paragraph (d) of this clause. The Contractor shall pay all fees and charges for receipt and processing transfers.

(g) **LIABILITY FOR UNCOMPLETED OR ERRONEOUS TRANSFERS.**

(1) If an uncompleted or erroneous transfer occurs because the Government failed to use the Contractor provided EFT information in the correct manner, the Government remains responsible for (i) making a correct payment, (ii) paying any prompt payment penalty due, and (iii) recovering any erroneously directed funds.

(2) If an uncompleted or erroneous transfer occurs because Contractor provided EFT information was incorrect at the time of Government release of the EFT payment transaction instruction to the Federal Reserve System, and

(i) If the funds are no longer under the control of the payment office, the Government is deemed to have made payment and the Contractor is responsible for recovery of any erroneously direct funds; or

(ii) If the funds remain under the control of the payment office, the Government retains the right to either make payment by mail or suspend the payment in accordance with paragraph (e) of this clause.

(h) **EFT AND PROMPT PAYMENT.**

(1) A payment shall be deemed to have been made in a timely manner in accordance with the PROMPT PAYMENT clause of this contract if, in the EFT payment transaction instruction given to the Federal Reserve System, the date specified for settlement of the payment is on or before the prompt payment due date, provided the specified payment date is a valid date under the rules of the Federal Reserve System.

(2) When payment cannot be made by EFT because of incorrect EFT information provided by the Contractor, no interest penalty is due after the date of the uncompleted or erroneous payment transaction, provided that notice of the defective EFT information is issued to the Contractor within 7 days after the Government is notified of the defective EFT information.

(i) **EFT AND ASSIGNMENT OF CLAIMS.** If the Contractor assigns the proceeds of this contract as provided for in the ASSIGNMENT OF CLAIMS clause of this contract, the assignee shall provide the assignee EFT information required by paragraph (d) of this clause. In all respects, the requirements of this clause shall apply to the assignee as if it were the Contractor. (1) Delivery or performance shall be made only as authorized by orders issued in accordance with the ORDERING clause. Subject to any limitations in the ORDER LIMITATIONS clause or elsewhere in this contract, the Contractor shall furnish to the Government all supplies or services specified in the Schedule and called for by orders issued in accordance with the ORDERING clause. The Government may issue orders requiring delivery to multiple destinations or performance at multiple locations.

(2) MULTIPLE AWARDS. In the event multiple awards to two or more suppliers are made for any one item, the Government may choose between any of the Contractors in placing any particular order. However, the Government will make every effort to allocate successive orders to maintain as close a balance as is reasonably practicable between the total quantities ordered from all Contractors.

(3) The Government's requirements for each item or subitem of supplies or services listed in the SET-ASIDE QUANTITIES clause are being purchased through one non-set-aside contract and one set-aside contract. Therefore, the Government shall order from each Contractor approximately one-half of the total supplies or services specified in the Schedule that are required to be purchased by the specified Government activity or activities. The Government may choose between the set-aside Contractor and the non-set-aside Contractor in placing any particular order. However, the Government shall allocate successive orders, in accordance with its delivery requirements, to maintain as close a ratio as is reasonably practicable between the total quantities ordered from the two Contractors.

(4) The Government is not required to purchase from the Contractor requirements in excess of any limit on total orders under this contract.

(5) If the Government urgently requires delivery of any quantity of an item before the earliest date that delivery may be specified under this contract, and if the Contractor will not accept an order providing for the accelerated delivery, the Government may acquire the urgently required goods or services from another source.

(6) Any order issued during the effective period of this contract and not completed within that period shall be completed by the Contractor within the time specified in the order. The contract shall govern the Contractor's and Government's rights and obligations with respect to that order to the same extent as if the order were completed during the contract's effective period; PROVIDED, that the Contractor shall not be required to make any deliveries under this contract after 30 June 2001.

186.03 DELIVERY-ORDER LIMITATIONS (PC&S) (DESC MAY 1996)

This clause is applicable only to tank truck and tank wagon deliveries.

(a) **MINIMUM ORDER.** The Contractor shall not be obligated to honor any order under this contract for less than the minimum quantity applicable to the method of delivery called for by the item(s) as specified in the DELIVERY CONDITIONS FOR TRANSPORT TRUCKS, TRUCKS AND TRAILERS, AND TANK WAGONS clause.

(b) **MAXIMUM ORDER.** Unless otherwise stated in the Schedule, the Contractor shall not be obligated to honor any order for a single item/a combination of items/a series of orders from the same ordering office, within any given 30-day period, in excess of whichever of the following is applicable:

(1) If the total estimated contract quantity is 100,000 gallons or less, the Contractor shall not be required to deliver a quantity in excess of the total estimated contract quantity of the item/all the items/all the items on all the orders;

(2) If the total estimated contract quantity is between 100,000 and 500,000 gallons, the Contractor shall not be required to deliver a quantity in excess of 50 percent of the total estimated contract quantity of the item/all the items/all the items on all the orders, or 100,000 gallons, whichever is greater; or

(3) If the total estimated contract quantity is greater than 500,000 gallons, the Contractor shall not be required to deliver a quantity in excess of 35 percent of the total estimated contract quantity of the item/all the items/all the items on all the orders, or 250,000 gallons, whichever is greater.

(c) The Government is not required to order a part of any one requirement from the Contractor if that requirement exceeds the maximum-order limitations in (b) above.

(d) Notwithstanding the foregoing, the Contractor shall honor any order received which exceeds the maximum order limitations set forth above unless the Contractor verbally notifies the Ordering Officer within two workdays, followed by the return of the written orders to the ordering office, that he does not intend to make shipment of the items called for and the reasons therefor. When the Government has received this verbal notice, the Government may secure the supplies from another source.

(e) Nothing in either (b) or (c) above shall be construed to require a Contractor to furnish supplies in excess of the quantity directed to be supplied by the Department of Energy, in the event of a directed allocation, pursuant to the ALLOCATION clause.

(DESC 52.216-9F11)

187 OBLIGATION TO ORDER WHEN AN SDB PREFERENCE APPLIES (DEC 1991) DLAD

Notwithstanding any other provisions of this contract, the Government is not obligated to order items under this contract when the statutory authority has expired for a price differential reflected in the price of the item.

(DLAD 52.219-9001)

1171.01-2 SMALL, SMALL DISADVANTAGED, AND WOMEN-OWNED SMALL BUSINESS SUBCONTRACTING PLAN (ALT II) (MAR 1996)

(a) This clause does not apply to small business concerns.

(b) **DEFINITIONS.**

(1) **Commercial product**, as used in this clause, means a product in regular production that is sold in substantial quantities to the general public and/or industry at established catalog or market prices. It also means a product that, in the opinion of the Contracting Officer, differs only insignificantly from the Contractor's commercial product.

(2) **Subcontract**, as used in this clause, means any agreement (other than one involving an employer-employee relationship) entered into by a Federal Government prime Contracting or subcontractor calling for supplies or services required for performance of the contract or subcontract.

(c) Proposals submitted in response to this solicitation shall include a subcontracting plan, which separately addresses subcontracting with small business concerns, small disadvantaged business concerns, and women-owned small business concerns. If the offeror is submitting an individual contract plan, the plan must separately address subcontracting with small business concerns, small disadvantaged business concerns, and women-owned small business concerns with a separate part for the basic contract and separate parts for each option (if any). The plan shall be included in and made a part of the resultant contract. The subcontracting plan shall be negotiated within the time specified by the Contracting Officer. Failure to submit and negotiate a subcontracting plan shall make the offeror ineligible for award of a contract.

(d) The offeror's subcontracting plan shall include the following:

(1) **Goals**, expressed in terms of percentage of total planned subcontracting dollars, for the use of small business concerns, small disadvantaged business concerns, and women-owned small business concerns as subcontractors. The offeror shall include all subcontracts that contribute to contract performance, and may include a proportionate share of products and services that are normally allocated as indirect costs.

(2) A statement of--

- (i) Total dollars planned to be subcontracted;
- (ii) Total dollars planned to be subcontracted to small business concerns;
- (iii) Total dollars planned to be subcontracted to small disadvantaged business concerns; and
- (iv) Total dollars planned to be subcontracted to women-owned small business concerns.

(3) A description of the principal types of supplies and services to be subcontracted, and an identification of the types planned for subcontracting to (i) small business concerns; (ii) small disadvantaged business concerns; and (iii) women-owned small business concerns.

(4) A description of the method used to develop the subcontracting goals in paragraph (d)(1) of this clause.

(5) A description of the method used to identify potential sources for solicitation purposes (e.g., existing company source lists, the Procurement Automated Source System (PASS) of the Small Business Administration, the National Minority Agency in the Department of Commerce, or small, small disadvantaged and women-owned small business concerns trade associations). A firm may rely on the information contained in PASS as an accurate representation of a concern's size and ownership characteristics for purposes of maintaining a small business source list. Use of the PASS as an accurate representation of a concern's size and ownership characteristics for purposes of maintaining a small business source list. Use of the PASS as it source list does not relieve a firm of its responsibilities (i.e., outreach, assistance, counseling, publicizing subcontracting opportunities) in this clause.

(6) A statement as to whether or not the offeror included indirect costs in establishing subcontracting goals, and a description of the method used to determine the proportionate share of indirect costs to be incurred with (i) small business concerns; (ii) small disadvantaged business concerns; and (iii) women-owned small business concerns.

(7) The name of the individual employed by the offeror who will administer the offeror's subcontracting program, and a description of the duties of the individual.

(8) A description of the efforts the offeror will make to assure that small, small disadvantaged, and women-owned small business concerns have an equitable opportunity to compete for subcontracts.

(9) Assurances that the offeror will include the UTILIZATION OF SMALL, SMALL DISADVANTAGED, AND WOMEN-OWNED SMALL BUSINESS CONCERNS clause in the contract and all subcontracts that offer further subcontracting opportunities, and that the offeror will require all subcontractors (except small business concerns) who receive subcontracts in excess of \$500,000 (\$1,000,000 for construction of any public facility) to adopt a plan similar to the plan agreed to by the offeror.

(10) Assurances that the offeror will (i) cooperate in any studies or surveys as may be required, (ii) submit periodic reports in order to allow the Government to determine the extent of compliance by the offeror with the subcontracting plan, (iii) submit Standard Form (SF) 294, Subcontracting Report for Individual Contracts, and/or SF 295, Summary Subcontract Report, in accordance with the instructions on the forms, and (iv) ensure that its subcontractors agree to submit Standard Forms 295 and 295.

(11) A recitation of the types of records the offeror will maintain to demonstrate procedures that have been adopted to comply with the requirements and goals in the plan, including establishing source lists, and a description of its efforts to locate small, small disadvantaged, and women-owned small business concerns and award subcontracts them. The records shall include at least the following (on a plant-wide or company-wide basis, unless otherwise indicated):

- (i) Source lists, e.g., PASS guides, and other data identify small, small disadvantaged, or women-owned small business concerns.
- (ii) Organizations contacted in an attempt to locate sources that are small, small disadvantaged, or women-owned small business concerns.
- (iii) Records on each subcontract solicitation resulting in an award of more than \$100,000 indicating (A) whether small business concerns were solicited and if not, why not, (B) whether small disadvantaged business concerns were solicited and if not, why not, (C) whether women-owned small business concerns were solicited and if not, why not, and (D) if applicable, the reason award was not made to a small business concern.

(iv) Records of any outreach efforts to contact (A) trade associations, (B) business development organizations, and (C) conferences and trade fairs to locate small, small disadvantaged, and women-owned small business sources.

(v) Records of internal guidance and encouragement provided to buyers through (A) workshops, seminars, training, etc., and (B) monitoring performance to evaluate compliance with program's requirements.

(vi) On a contract-by-contract basis, records to support award data submitted by the offeror to the Government, including the name, address, and business size of each subcontractor. Contractors having company or division-wide annual plans need not comply with this requirement.

(e) In order to effectively implement this plan to the extent consistent with efficient contract performance, the Contractor shall perform the following functions:

(1) Assist small, small disadvantaged, and women-owned small business concerns by arranging solicitations, time for the preparation of bids, quantities, specifications, and delivery schedules so as to facilitate the participation by such concerns. Where the Contractor's list of potential small, small disadvantaged, and women-owned small business subcontractors are excessively long, reasonable effort shall be made to give all such small business concerns an opportunity to compete over a period of time.

(2) Provide adequate and timely consideration of the potentialities of small, small disadvantaged, and women-owned small business concerns in all "make-or-buy" decisions.

(3) Counsel and discuss subcontracting opportunities with representatives of small, small disadvantaged, and women-owned small business firms.

(4) Provide notice to subcontractors concerning penalties for misrepresentation of business status as small, small disadvantaged, or women-owned small business for the purposes of obtaining a subcontract that is to be included as part or all of a goal contained in the Contractor's subcontracting plan.

(f) A master subcontracting plan on a plant or division-wide basis which contains all the elements required by (d) above, except goals, may be incorporated by reference as a part of the subcontracting plan required of the offeror by this clause; PROVIDED, (1) the master plan has been approved, (2) the offeror provides copies of the approved master plan and evidence of its approval to the Contracting Officer, and (3) goals and any deviations from the master plan and deemed necessary by the Contracting Officer to satisfy the requirements of this contract are set forth in the individual subcontracting plan.

(g) (1) If a commercial product is offered, the subcontracting plan required by this clause may relate to the offeror's production generally, for both commercial and noncommercial products, rather than solely to the Government contract. In these cases, the offeror shall, with the concurrent of the Contracting Officer, submit one company-wide or division-wide annual plan.

(2) The annual plan shall be reviewed for approval by the agency awarding the offeror its first prime contract requiring a subcontracting plan during the fiscal year or by an agency satisfactory to the Contracting Officer.

(3) The approval plan shall remain in effect during the offeror's fiscal year for all of the offeror's commercial products.

(h) Prior compliances of the offeror with other such subcontracting plans under previous contracts will be considered by the Contracting Officer in determining the responsibility of the offeror for award of the contract.

(i) The failure of the Contractor or subcontractor to comply in good faith with (1) the UTILIZATION OF SMALL, SMALL DISADVANTAGED, AND WOMEN-OWNED SMALL BUSINESS CONCERNS clause of the contract, or (2) an approved plan required by this clause, shall be a material breach of the contract.

(FAR 52.219-9/ALT II)

I171.07 LIQUIDATED DAMAGES - SUBCONTRACTING PLAN (OCT 1995)

(a) **Failure to make a good faith effort to comply with the subcontracting plan**, as used in this subpart, means a willful or intentional failure to perform in accordance with the requirements of the subcontracting plan approved under the clause in this contract entitled SMALL, SMALL DISADVANTAGED, AND WOMEN-OWNED SMALL BUSINESS SUBCONTRACTING PLAN, or willful or intentional action to frustrate the plan.

(b) If, at contract completion, or in the case of a commercial products plan, at the close of the fiscal year for which the plan is applicable, the Contractor has failed to meet its subcontracting goals and the Contracting Officer decides in accordance with paragraph (c) of this clause that the Contractor failed to make a good faith effort to comply with its subcontracting plan, established in accordance with the clause in this contract entitled SMALL, SMALL DISADVANTAGED, AND WOMEN-OWNED SMALL BUSINESS SUBCONTRACTING PLAN, the Contractor shall pay the Government liquidated damages in an amount stated. The amount of probable damages attributable to the Contractor's failure to comply, shall be an amount equal to the actual dollar amount by which the Contractor failed to achieve each subcontract goal or, in the case of a commercial products plan, that portion of the dollar amount allocable to Government contracts by which the Contractor failed to achieve each subcontract goal.

(c) Before the Contracting Officer makes a final decision that the Contractor has failed to make such good faith effort, the Contracting Officer shall give the Contractor written notice specifying the failure and permitting the Contractor to demonstrate what good faith efforts have been made. Failure to respond to the notice may be taken as an admission that no valid explanation exists. If, after consideration of all the pertinent data, the Contracting Officer finds that the Contractor failed to make a good faith effort to comply with the subcontracting plan, the Contracting Officer shall issue a final decision to that effect and require that the Contractor pay the Government liquidated damages as provided in paragraph (b) of this clause.

(d) With respect to commercial products plans; i.e., company-wide or division-wide subcontracting plans approved under paragraph (g) of the clause in this contract entitled SMALL, SMALL DISADVANTAGED, AND WOMEN-OWNED SMALL BUSINESS SUBCONTRACTING PLAN, the Contracting Officer of the agency that originally approved the plan will exercise the functions of the Contracting Officer under this clause on behalf of all agencies that awarded contracts covered by that commercial product plan.

(e) The Contractor shall have the right of appeal, under the clause in this contract entitled DISPUTES, from any final decision of the Contracting Officer.

(f) Liquidated damages shall be in addition to any other remedies that Government may have.

(FAR 52.219-16)

I174 MANUFACTURING AND FILLING POINTS (SET-ASIDES) (DESC APR 1996)

(a) To be eligible for award of a small business set-aside item (one-half the quantity of each item identified for set-aside in the Schedule of this solicitation; also listed in the SET-ASIDE QUANTITIES clause), offerors must provide product manufactured by a small business (see FAR 19.102(f)(1)). Product may not be furnished as a result of an exchange agreement with a large business.

(b) All small businesses wishing to be eligible for the set-aside portion of this procurement hereby agree that only product manufactured/refined by the small manufacturer(s)/refiner(s) will be provided under the set-aside portion of the contract. If circumstances are such that, during the term of this contract, a committed small business manufacturer/refiner can no longer provide the product, the Contractor agrees to immediately notify the Contracting Officer who must approve the new small business manufacturer/refiner before operations with the new firm commence.

(c) All small businesses interested in being considered for award of any set-aside items must provide the following information with the offer; failure to do so may result in the firm being ineligible for the set-aside portion of the solicitation.

- (1) Set-aside item numbers and delivery location;
- (2) Name and address of small business refiner;
- (3) Refinery point of contact;
- (4) Name and address of the filling point (if different from refinery); and
- (5) Copy(ies) of the supply commitment(s)/agreement(s) from the proposed small business

manufacturer(s)/refinery(ies), which must state, as a minimum, the type of product, total quantities of product for all items offered, and contract ordering period.

(DESC 52.219-9F01)

I174.01 MANUFACTURING AND FILLING POINTS (UNRESTRICTED) (DESC MAY 1997)

(a) To be eligible for the evaluation preference on the unrestricted portion of this solicitation, a Small Disadvantaged Business (SDB) must agree to provide only product manufactured/refined by a small business manufacturer/refinery. Product may not be furnished as a result of an exchange agreement with a large business.

(b) All SDBs expecting to receive the evaluation preference as described in the NOTICE OF EVALUATION PREFERENCE FOR SMALL DISADVANTAGED BUSINESS CONCERNS clause hereby agree that only product manufactured/refined by the small manufacturer(s)/refinery(ies) identified on DESC Form 2.16, 2.16A, 2.17, or 2.17A will be provided for all items awarded with a preference. If circumstances are such that, during the terms of this contract, a committed small business supplier can no longer provide the product, the Contractor must immediately notify the Contracting Officer who must approve the new small business supplier before operations with the new firm commence.

(c) In order to be eligible for the evaluation preference, all SDBs must provide the following information with the offer; failure to do so may render the offer ineligible for award with an evaluation preference:

- (1) Name(s) and address(es) of the small business manufacturer(s)/refinery(ies);
- (2) Refinery point of contacts;
- (3) Name(s) and address(es) of the filling point(s) (if different from the refinery(ies)); and
- (4) Copy(ies) of the supply commitment(s)/agreement(s) from the proposed small business

manufacturer(s)/refinery(ies), which must state, as a minimum, the type of product, total quantities of product for all items offered, and contract ordering period.

(d) All other evaluation factors described in this solicitation will apply.

(DESC 52.219-9F02)

I179 ALLOCATION (DESC JUL 1995)

(a) **REDUCED SUPPLIES.** If, for any cause beyond the control and without the fault or negligence of the Contractor, the total supply of crude oil and/or refined petroleum product is reduced below the level that would have otherwise been available to the Contractor, the Contractor allocates to its regular customers its remaining available supplies of crude oil or product, then the Contractor may also allocate to the U.S. Government supplies to be delivered under this contract, PROVIDED--

(1) Prompt notice of and evidence substantiating the necessity to allocate and describing the allocation rate for all the Contractor's customers are submitted to the Contracting Officer;

(2) Allocation among the Contractor's regular customers is made on a fair and reasonable basis (except where allocation on a different basis is required by a governmental authority, agency, or instrumentality); and

(3) Reduction of the quantity of product due the Government under this contract shall not exceed the pro rata amount by which the Contractor reduces delivery to its other customers similarly situated.

(b) **ADDITIONAL SUPPLIES.** If, after the event causing the shortage of crude oil and/or refined petroleum product as described in (a) above, additional supply becomes available to the Contractor, the Contracting Officer may choose any one of the following three possible courses of action:

(1) Accept an updated pro rata reduction as outlined in (a) above;

(2) Determine that continuance of the contract with the quantities as originally stated in the Schedule is in the best interests of the Government; or

(3) Terminate the contract as permitted in (d) below.

(c) **REDUCED DELIVERIES.** If the Contractor believes that a law, regulation, or order of a foreign government requires the Contractor to deliver less than the quantity set forth in the Schedule for any location within that country, the Contractor may request allocation in accordance with (a) above. In addition to the criteria in (a) above, the Contractor's request shall cite--

(1) The law, regulation, or order, furnishing copies of the same;

(2) The authority under which it is imposed; and

(3) The nature of the Government's waiver, exception, and enforcement procedure.--

The Contracting Officer will promptly review the matter and advise the Contractor whether or not the need to allocate has been substantiated. If the law, regulation, or order requiring the Contractor to reduce deliveries ceases to be effective, the Contractor shall resume deliveries in accordance with the original Schedule.

(d) If, as a result of reduced deliveries permitted by (a), (b), or (c) above, the Contracting Officer decides that continuation of this contract is no longer in the best interests of the Government, the Government may terminate this contract or any quantity thereunder, by written notice, at no cost to the Government. However, the Government shall not be relieved of its obligation to pay for supplies actually delivered to and accepted by it.

I179 Cont'd

(e) Except as otherwise stated in (b) above, any volumes omitted pursuant to (a) or (b) above shall be deleted from this contract, and the Contractor shall have no continuing obligation, so far as this contract is concerned, to make up such omitted supplies.

(f) For Posts, Camps, and Stations contracts, Department of Energy priority orders and allocation regulations will take precedence over any conflicting provisions of this clause.

(g) For Bulk Fuels contracts, the provisions contained in (a) above shall be inoperative when the Secretary of Defense makes a written determination that it is essential to the National Defense that the Defense Energy Support Center be provided contract volumes exceeding the amount of product to which it would otherwise be entitled.

(DESC 52.249-9F01)

I186 PROTECTION OF GOVERNMENT PROPERTY AND SPILL PREVENTION (DESC MAY 1978)

(a) The Contractor shall use reasonable care to avoid damaging or contaminating existing buildings, equipment, asphalt pavement, soil, or vegetation (such as trees, shrubs, and grass) on the Government installation. If the Contractor fails to use reasonable care and damages or contaminates any such buildings, equipment, asphalt pavement, soil or vegetation, or other Government facilities, he shall replace the damaged items or repair the damage at no expense to the Government and to the satisfaction of the Government. Further, if, as a result of the failure of the Contractor to comply with the requirements of this contract, Government buildings, equipment, asphalt pavement, soil or vegetation, or other Government facilities become damaged or destroyed, the Contractor shall replace or repair the damage at no expense to the Government, and to the satisfaction of the Government. Should the Contractor fail or refuse to make such repairs or replacements, the Government may have the said repairs or replacement accomplished, and the Contractor shall be liable for the cost thereof which may be deducted from the amounts which become due under this contract. Informal agreement with the Contractor upon replacement, repairs, or costs to be deducted shall first be attempted by the Installation Commander or Ordering Officer. If disagreement persists, the matter shall be referred to the Contracting Officer. Unless approved by the Contracting Officer, no costs shall be deducted from amounts due or owing without the Contractor's consent.

(b) The Contractor shall take all measures as required by law to prevent oil spills (including, but not limited to, any spilling, leaking, pumping, pouring, emitting, emptying or dumping into or onto any land or water). In the event the Contractor spills any oil (including, but not limited to, gasoline, diesel fuel, fuel oil, or jet fuel), the Contractor shall be responsible for the containment, cleanup, and disposal of the oil spilled. Should the Contractor fail or refuse to take the appropriate containment, cleanup, and disposal actions, the Government may do so itself. The Contractor shall reimburse the Government for all expenses incurred including fines levied by Federal, State, or local Governments.

(DESC 52.223-9F05)

I190.04 MATERIAL SAFETY DATA SHEETS -- COMMERCIAL ITEMS (DESC MAR 1996)

(a) The apparently successful offeror agrees to submit, for each item prior to award, a Material Safety Data Sheet, meeting the requirements of 29 CFR 1910.1200(g) and the latest version of Federal Standard No. 313, for all items to be delivered under this contract. Data shall be submitted in accordance with Federal Standard No. 313, whether or not the apparently successful offeror is the actual manufacturer of these items. Failure to submit the Material Safety Data Sheet prior to award may result in the apparently successful offeror being considered nonresponsible and ineligible for award.

(b) If, after award, there is a change in the composition of the item(s) or a revision to Federal Standard No. 313, which renders incomplete or inaccurate the data submitted under paragraph (a) of this clause, the Contractor shall promptly notify the Contracting Officer and resubmit the data.

(c) The Contractor shall submit MSDSs to the Contracting Officer. MSDSs must cite the solicitation number, the applicable CAGE code of the manufacturer, and, where so identified, the National Stock Number (NSN).

(d) The offeror need not submit a duplicate MSDS for a product for which the offeror has submitted an MSDS within the past five years. The MSDS of record must fully comply with the latest revision of FED-STD-313, and the data on the MSDS must still be current and complete. Should the description/composition of the product offered differ in any area specified on a previously submitted MSDS, a new MSDS is required.

I209.09 EXTENSION PROVISIONS (PC&S) (DESC OCT 1994)

(a) The DESC Contracting Officer reserves the right to unilaterally extend this contract on the same terms and conditions one or more times for a total of no more than six months. Notice of contract extension will be furnished to the Contractor 30 days prior to expiration of this contract or any extension thereof. However, nothing in this clause precludes the Contractor from agreeing to an extension of the contract if the DESC Contracting Officer fails to issue the notice within the 30 day time frame.

(b) The foregoing extension may be exercised by the DESC Contracting Officer where continued performance is required until a follow-on contract is awarded or, in the event a follow-on contract has been awarded, until a succeeding Contractor is positioned to commence performance.

(c) Extension of this contract shall be considered to have been accomplished at the time the DESC Contracting Officer provides written notification to the Contractor by facsimile or by mail.

(DESC 52.217-9F08)

I211 ORDERING (OCT 1995)

(a) Any supplies and services to be furnished under this contract shall be ordered by issuance of delivery orders or task orders by the individuals or activities designated in the Schedule. Such orders may be issued from 01 June 1998 through 31 May 2001.

(b) All delivery orders or task orders are subject to the terms and conditions of this contract. In the event of conflict between a delivery order or task order and this contract, the contract shall control.

(c) If mailed, a delivery order or task order is considered "issued" when the Government deposits the order in the mail. Orders may be issued orally by facsimile, or by electronic commerce methods only if authorized in the Schedule.

(FAR 52.216-18)

The preferential consideration provided by the DFARS clause 252.219-7006, Notice of Evaluation Preference for Small Disadvantaged Business Concerns, or 52.219-7001, Notice of Partial Small Business Set-Aside with Preferential Consideration for Small Disadvantaged Business Concerns, or 252.219-7002, Notice of Small Disadvantaged Business Set-Aside, will be applied only to FY 89 through FY 2000 obligations or estimates thereof. Offerors are cautioned that the statutorily authorized period for application of the preference may be affected by legislation. If this occurs, offers under this solicitation will be evaluated on the basis of the statutory authority in effect at the time of award. This solicitation will not be amended solely for the purpose of notifying offerors of a change in the statutory authority for application of the preference.

THE FOLLOWING CLAUSE ONLY APPLIES TO **OTHER THAN** DEPARTMENT OF DEFENSE PARTIAL SMALL BUSINESS SET-ASIDE LINE ITEMS THAT MAY BE CONTAINED IN THIS DOCUMENT.

I237 NOTICE OF PARTIAL SMALL BUSINESS SET-ASIDE (JUL 1996)

(a) **DEFINITION. Small business concern**, as used in this clause, means a concern, including its affiliates, that is independently owned and operated, not dominant in the field of operation in which it is bidding on Government contracts, and qualified as a small business under the size standards in this solicitation.

(b) GENERAL.

(1) A portion of this requirement, identified elsewhere in this solicitation, has been set aside for award to one or more small business concerns.

(2) Offers on the non-set-aside portion will be evaluated first and award will be made on that portion in accordance with the provisions of this solicitation.

(3) The set-aside portion will be awarded at the highest unit price(s) in the contract(s) for the non-set-aside portion, adjusted to reflect transportation and other costs appropriate for the selected Contractor(s).

(4) The Contractor(s) for the set-aside portion will be selected from among the small business concerns that submitted responsive offers on the non-set-aside portion. Negotiations will be conducted with the concern that submitted the lowest responsive offer on the non-set-aside portion. If the negotiations are not successful or if only part of the set-aside portion is awarded to that concern, negotiations will be conducted with the concern that submitted the second-lowest responsive offer on the non-set-aside portion. This process will continue until a contract or contracts are awarded for the entire set-aside portion.

(5) The Government reserves the right to not consider token offers or offers designed to secure an unfair advantage over other offerors eligible for the set-aside portion.

I237 Cont'd

(c) **AGREEMENT.** For the set-aside portion of the acquisition, a small business concern submitting an offer in its own name agrees to furnish, in performing the contract, only end items manufactured or produced by small business concerns inside the United States. The term "United States" includes its territories and possessions, the Commonwealth of Puerto Rico, the trust territory of the Pacific Islands, and the District of Columbia. If this procurement is processed under simplified acquisition procedures and the total amount of this contract does not exceed \$25,000, a small business concern may furnish the product of any domestic form. This paragraph does not apply in connection with construction or service contracts.

(FAR 52.219-7)

If this document contains DoD partial small business set-aside items in the Schedule, the evaluation preference described in the following clause is not applicable to the non-set-aside portion of those DoD items, or to the unreserved portion of items partially reserved for contracting with the SBA under the 8(a) program. (The evaluation preference never applies to any items paid for by Federal Civil Agencies.)

I237.03 NOTICE OF EVALUATION PREFERENCE FOR SMALL DISADVANTAGED BUSINESS CONCERNS (APR 1994)

(a) **DEFINITIONS.**

(1) **Historically black colleges and universities**, as used in this clause, means institutions determined by the Secretary of Education to meet the requirements of 34 CFR Section 608.2. The term also means any nonprofit research institution that was an integral part of such a college or university before 14 November 1986.

(2) **Minority institutions**, as used in this clause, means institutions meeting the requirements of paragraphs (3), (4), and (5) of Section 1046(3) of the Higher Education Act of 1965 (20 U.S.C. 1135d-5(3)). The term also includes Hispanic-serving institutions as defined in Section 316(b)(1) of such Act (20 U.S.C. 1059c(b)(1)).

(3) **Small disadvantaged business concern**, as used in this clause, means a small business concern, owned and controlled by individuals who are both socially and economically disadvantaged, as defined by the Small Business Administration at 13 CFR Part 124, the majority of earnings of which directly accrue to such individuals. This term also means a small business concern owned and controlled by an economically disadvantaged Indian tribe or Native Hawaiian organization which meets the requirements of 13 CFR 124.112 or 13 CFR 124.113, respectively.

(4) **United States**, as used in this clause, means the United States, its territories and possessions, the Commonwealth of Puerto Rico, the U.S. Trust Territory of the Pacific Islands, or the District of Columbia.

(b) **EVALUATION PREFERENCE.**

(1) Offers will be evaluated by adding a factor of 10 percent to the price of all offers, except--

(i) Offers from small disadvantaged business concerns, which have not waived the preference;

(ii) Offers from historically black colleges and universities or minority institutions, which have not waived the preference;

(iii) Otherwise successful offers of--

(A) Eligible products under the Trade Agreements Act when the dollar threshold for application of the Act is exceeded;

(B) Qualifying country end products (as defined in the Defense Federal Acquisition Regulation Supplement clause at 252.225-7001, Buy American Act and Balance of Payments Program); and

(iv) Offers where application of the factor would be inconsistent with a Memorandum of Understanding or other international agreement with a foreign government.

(2) The 10 percent factor will be applied on a line item by line item basis or to any group of items on which award may be made. Other evaluation factors described in the solicitation will be applied before application of the 10 percent factor. The 10 percent factor will not be applied if using the preference would cause the contract award to be made at a price that exceeds the fair market price by more than 10 percent.

(c) **WAIVER OF EVALUATION PREFERENCE.** A small disadvantaged business, historically black college or university, or minority institution offeror may elect to waive the preference, in which case the 10 percent factor will be added to its offer for evaluation purposes. The agreements in paragraph (d) do not apply to offers that waive the preference.

[] Offeror elects to waive the preference.

(d) **AGREEMENTS.**

(1) A small disadvantaged business concern, historically black college or university, or minority institution offeror, which did not waive the preference, agrees that in performance of the contract, in the case of a contract for--

(i) Services, except construction, at least 50 percent of the cost of personnel for contract performance will be spent for employees of the concern.

(ii) Supplies, at least 50 percent of the cost of manufacturing, excluding the cost of materials, will be performed by the concern.

(2) A small disadvantaged business, historically black college or university, or minority institution regular dealer submitting an offer in its own name agrees to furnish in performing this contract only end items manufactured or produced by **small business concerns**, historically black colleges or universities, or minority institutions in the United States.

(3) Upon request, a historically black college or university, or minority institution offeror will provide the Contracting Officer evidence that is has been determined to be an HBCU or MI by the Secretary of Education.

**PART 9 - ITEMS AWARDED WITH SMALL DISADVANTAGED BUSINESS
EVALUATION PREFERENCE/SMALL REFINERY SOURCE LIST**

(a) For those items awarded with a Small Disadvantaged Business (SDB) preference, the Government pays a premium of up to 10 percent above market price. SDB Contractors receiving a premium (preference) are required to deliver product manufactured by a small business refinery. The Defense Energy Support Center (DESC) is monitoring those contracts which have been awarded line items under the SDB preference program.

(b) In conjunction with the monitoring of items awarded with the SDB preference, delivery documents for each delivery under the line items listed below should be examined to determine that the authorized supply source was used. If the delivery documents indicate that the product was obtained from other than the authorized supply source, the Contracting Officer should be promptly notified and a copy of the delivery documents forwarded to DESC.

(c) Records of all deliveries for the line items listed below should be kept readily accessible for review by DESC if necessary.

(d) The items listed below were awarded with the preference. The contract number, name of SDB Contractor and the small refinery source are provided.
